About The First Expeditionary Fleet's Organization

The fleet is divided into the following:

- **The Tokyo Expeditionary Battle Group** - The Main Fleet.
- **Expeditionary Strike Groups** - Assigned Strike Groups for Rapid Deployment.
- **First Expeditionary Task Fleet** - An Active Pool of Vessels from which Strike Groups and Task Forces can be formed.
- **Task Forces** - Groups of Ships formed for a specific mission purpose.
- **Logistics Group** - Ships assigned to the logistics of the fleet.

IRNs Post Re-Establishment

The Imperial Registry Number (IRN) in this fleet's registries has received a slight modification. It was designed to differentiate ships that were constructed after the fleet's re-establishment in YE 42 from ships that survived in the original fleet.

The Formula

- [Type]-[Fleet]-[Year Built][Number]
- example - YSS Tokyo: NF-X1-4201

Unnamed Escorts and Task Fleet Ships

This is a Game Master tool, it is from these groups of unnamed ships that ships for plot ships, task forces, and other groups can be formed. If a ship is used, it will be listed as named afterward.
