

Ke-T8-M3102 Comfort Module

The Ke-T8-M3102 was developed for use on the [Ke-T8 "Kuma" Multi-role Shuttle](#) and became available in [YE 31](#).

About

This module provides some additional amenities to make long missions on the shuttle more tolerable. It can also be installed in other [Ketsurui Fleet Yards](#) shuttles.

History

During the development of the *Kuma* it was discussed that for some missions the personnel aboard the shuttle could be spending significant time performing their mission. The designers decided to create this unit to help make such extended missions more tolerable.

Starting in [YE 33](#), millions of these modules were also produced for Star Army [refugee camps](#).

Specifications

General

- Class: Ke-T8-M3102
- Type: Module
- Designers: [Ketsurui Fleet Yards](#)
- Manufacturer: [Ketsurui Fleet Yards](#), [Scientific Studies Service](#)
- Production: Mass Production

Dimensions

- Height: 1.9 meters (6.23 feet)
