

Star Army of Yamatai

The Star Army of Yamatai is the military of the [Yamatai Star Empire](#). It is an advanced interstellar space force with thousands of starships and millions of soldiers who perform a wide range of strategic, tactical, and humanitarian missions across hundreds of light-years and dozens of star systems.

The symbol of the Star Army of Yamatai is the [Star Army Hinomaru](#). The Star Army's motto is “*Loyalty, Strength, Wisdom.*” It is commanded by [Taisho Ketsurui Yui](#).

History

The Star Army of Yamatai was established in [YE 22¹](#) under the name “[Grand Star Army](#)” as a replacement for the remains of the [Uesureyan Star Empire's Army Of Uesureya](#) and [UE Spacy](#), and the [Armies of the Precious Sword](#), which were the private military of [Emperor Kitsurugi Uesu](#).

In [YE 28](#), the Yamatai Space Self-Defence Force merged into the Star Army of Yamatai and the “Grand Star Army” name was changed to “Star Army of Yamatai” as part of the [Military Centralization Act of YE 28](#).

The Star Army was later enshrined in the [The Constitution of Yamatai Star Empire](#) in [YE 34](#).

Wars Fought

The Star Army was a direct combatant in the following wars:

1. [Chaos Hive War](#) (YE 21, [Ayenee](#) universe) as the [Army Of Uesureya](#)
2. [Fourth Elysian War](#) (YE 23-YE 25) as the Grand Star Army
3. [Second Draconian War](#) (YE 24), Star Army universe & [Ayenee](#) universe) as the Grand Star Army
4. [First Mishhuvurthyar War](#) (YE 26-YE 30) as the Grand Star Army (until YE 28 when it became the Star Army of Yamatai)
5. [Second Mishhuvurthyar War](#) (YE 31-YE 34)
6. [Kuvexian War](#) (YE 38-YE 43)
7. [Third Mishhuvurthyar War](#) (YE 45-present)

All of these wars that have ended have resulted in a victory for the Star Army of Yamatai. When the future of the Empire is at stake, the Star Army always comes through, although sometimes at great cost.

Other Conflicts & Actions

This section contains other significant military conflicts or events in which the Star Army of Yamatai was involved:

1. [The Qel'noran Rebellion](#) (YE 26)
2. [Yamatai's Conflict With The Lorath](#) (YE 28-YE 39)
3. The blockade of [Planet Nepleslia](#) in early YE 30²⁾
4. [Freelancer Massacre and Related Battles](#) (YE 30)
5. [YSE-IAC Cold War](#) (YE 36)
6. [Kodian Civil War](#) (YE 38-present)
7. [Arrival of the Norians](#) (YE 44)

Function

The Star Army of Yamatai is considered an autonomous military branch of the Yamataian imperial government. It is extremely powerful politically, with a “blank check” budget, the power to declare wars at its discretion, complete freedom from legislative oversight and regulation by the elected senate (according to Yamatai's constitution), and exclusive control over several star systems, making it a sort of “nation within a nation” that is a diplomatic entity in its own right, often making first contact and defining the empire's borders far before the civilian government does. A significant portion of the population (and the [Senate of Yamatai](#)) consists of military veterans.

Mission

The mission of the Star Army of Yamatai is to ensure the continued survival of the [Star Army Wiki](#), [Yamatai Star Empire](#), and its people and to combat [enemies of Yamatai](#) by...

- Promoting soldier learning and using wisdom to make smart, logical, and efficient decisions
- When fighting is required, fight with the utmost effectiveness
- Providing assistance to friendly peoples and forces in need

Area of Operation

The Star Army of Yamatai primarily is based in the [SARPIverse](#) where it operates in and around the [territory of the Yamatai Star Empire](#) and the greater [Kikyo Sector](#), excluding the space of other recognized sovereign nations. Its reach extends far beyond the YSE's actual borders. In addition, the Star Army has used [Transuniversal Teleportation Drive](#) technology to visit and conduct operations in other universes (other websites) such as [Ayenee](#), Python Fleet RPG, Ad Infinitum, and the NationStates forums.

Organization

The Star Army of Yamatai contains over a dozen uniquely configured fleets and several dozen organizations that perform functions such as intelligence gathering, personnel management, and logistics.
