

# 11th Squadron

The 11th Squadron was a unit of [Plumeria-class gunships](#) in the [First Expeditionary Fleet](#). It was the basis for a plot run by [raz](#) that lasted from Oct 26, 2008 to Jan 12, 2010.

Their motto was “When your enemies do not fear death, you must make your enemies fear you.”<sup>1)</sup>

## The story so far...

The 11th Squadron was ordered to report to Virgo Star Fortress and attend a briefing on the station, after which the captains learned that they would be escorting Taisho Hokusai Akiyo to Sbuhfaba. Following that assignment, the squadron was ordered to patrol the Ketsurui Military Sector. Since the onset of the [Second Mishhuvurthyar War](#), the squadron has not seen any meaningful action. They have been tasked with a new mission, apparently under the purview of SAINT, and are waiting to cast off.
