

The Star Army® Wiki

This wiki is the Star Army® community's encyclopedia, index, and concordance for our unique, ever-growing shared fictional universe and it is our guidebook for participating in and contributing to the Star Army Roleplay (SARP). It contains over 11,450 articles and 8,800 media files (mostly pictures). Imagine how many printed RPG sourcebooks that would fill!

In general, everything that happens in the Star Army RP is canon, so please add information about any events that occur and characters who appear in the roleplay, so that we can keep the universe internally consistent. Creative contributions are also encouraged; you can expand the edges and fill in the gaps of the setting. Also feel free to fix any typos you find and update outdated pages. Be bold!

Important: Please note the wiki's login is separate from the forum's login system.

Worldbuilding

If you've been around Star Army long enough to gain some useful in-character knowledge, you should be putting that knowledge into this wiki for the benefit of future generations of roleplayers! Currently, all registered users have permission to create, edit, and improve articles in this wiki (*you will need to log in to create or edit pages*). For directions on adding a page, see: [how do i add a page](#)

Creating an *experience* is the primary goal of designing things. When you create new things for the roleplaying game, do it unselfishly and focus on the roleplay possibilities it creates for your fellow players.
