

Battle Of Taiie

The Battle of Taiie took place during the [First Mishhuvurthyar War](#) between the [Star Army of Yamatai](#) and the [Sfrarabla Mishhuvurthyar Xhrafuklurp \(SMX\)](#).

History and Background

The Battle of Taiie was a short but violent battle in [YE 29](#), the [YSS Miharu](#) that had just launched from [Scorpio Star Fortress](#), detected a large [Sfrarabla Mishhuvurthyar Xhrafuklurp \(SMX\)](#) and a never seen before [Shlarvasseroth-class Flagship](#) while on route to the [Taiie System](#).¹⁾ The flagship was later found to be commanded by [Melisson](#), who would become one of the greatest adversaries the [Star Army of Yamatai](#) would ever face.

The [Taiie System](#) at the time was the capital of the [Bard Cluster](#), and was the Headquarters of the [Fifth Expeditionary Fleet](#). It was also the seat of power for the growing [Motoyoshi Clan](#).

Unexpectedly the [Shlarvasseroth-class Flagship](#) fired its transposition at the system's star which caused it to go [Hypernova](#) which resulted in the destruction of nearly everything in the [Taiie System](#) within a window of approximately fifteen minutes.

Some civilian starships, shuttles, and other craft managed a narrow escape along with some of the [Fifth Expeditionary Fleet](#), which included [Hotaru Star Fortress](#) and [Himitsu Star Fortress](#). The loss of life in the tragedy was astronomical.

Participants

The notable participants of this battle were:

- The [Sfrarabla Mishhuvurthyar Xhrafuklurp \(SMX\)](#) forces under the command of [Melisson](#) from her [Shlarvasseroth-class Flagship](#).
- The [Star Army of Yamatai](#), namely the [YSS Miharu](#) and the [Fifth Expeditionary Fleet](#).

Results and Aftermath

The [YSS Miharu](#), a small number of [Fifth Expeditionary Fleet](#) ships and civilians narrowly escaped the destruction of the [Taiie System](#).

The [Sfrarabla Mishhuvurthyar Xhrafuklurp \(SMX\)](#) under the command of [Melisson](#) ended up annexing the entire [Bard Cluster](#) in the following months, and the [Taiie Nebula](#) and those worlds remained as [Sfrarabla Mishhuvurthyar Xhrafuklurp \(SMX\)](#) territory until the signing of the [YE 30 Intergalactic Armistice Agreement of YE 30 \(IAA\)](#) treaty.

Some of the refugees were taken from the [Taiie System](#) to [Pisces Station](#). An uprising occurred on the station as a result of the improper treatment of the refugees which resulted in [Kessaku Irim](#) firing the station's commander.

In the aftermath of Taiie, the [Motoyoshi Clan](#) was deeply affected by the event; the massive loss of life, combined with the treatment of refugees became hot button issues for them politically. [Melisson](#) used the destruction of the [Taiie System](#) to manipulate [Motoyoshi Tio](#) and [Motoyoshi Kiyoko](#) to betray their mother [Ketsurui-Motoyoshi Katsuko](#) which led to the eventual creation of the [United Outer Colonies](#).²⁾
