

YE 35

YE 35 is an in-character [Yamataian Calendar](#) year that began on January 1, [2013](#) and ended on December 31, 2013.

YE 35 was [CY 754](#)

Overview

The year is YE 35. After almost a decade of brutal wars against the [Mishhuvurthyar](#), our war-torn galaxy enters a time of relative calm. The [Yamatai Star Empire](#) and [Democratic Imperium of Nepleslia](#), devastated and depleted by the conflict, begin a period of exploration and expansion...creating new challenges as players find themselves on the lawless frontiers of overextended empires and encountering new worlds and strange aliens.

In this new era of the Star Army Roleplay, The plots are characterized by more independence and variety. Factions use military force more conservatively because of post-war recovery and reorganization, along with mop-up operations. Old homeworlds, political intrigue, and the ruins of ancient empires are fleshed out and Wes works to ensure GMs are more free than ever before to take advantage of the more fertile setting. It's an exciting time to be part of Star Army.
