

YE 37

YE 37 is the previous in-character [Yamataian Calendar](#) year. It began on January 1, [2015](#) and ended December 31st, 2015. It takes place three years after the end of the destructive [Second Mishhuvurthyar War](#) and follows last year's formation of a military alliance between Yamatai, Nepleslia, and Lor.

Notable Events

The following occurred in YE 37:

Yamatai Star Empire

[Yamatai Star Empire](#)

Events

- Yamatai remains at war with the [Independent Worlds League](#) until the IWL collapses.
- [Star Army Privateer Program](#) ends.
- [Freespacers](#) access to [Scrapyard System](#) ends due to lack of participation and concerns that the ships might fall into the hands of the [Independent Worlds League](#).

- [YSS Eucharis](#) finds unknown, hostile starships depositing [Rixxikor](#) on planet Higaflan in the [Higaflan star system](#), and that the Rixxikor had set up colonies on the breadbasket world and that their numbers were skyrocketing. Local defense forces got into a firefight with the Eucharis after it was forced to land due to damage.
- [Love Day](#) is voted into law by the [Senate of Yamatai](#) (Proposal 110). It's the first law passed in YE 37.

- The [YSS Heartbreaker](#) began its secret mission to follow the trail of [Uesu's Fleet](#) into unexplored space. An 'abandoned' Mishhuvurthyar base in [UX-29 AKA UX-HB-0 'Vagabond'](#) is destroyed by orbital bombardment to cover up evidence of experimentation on captured Neko.
- The [YSS Sakura II Plot](#) is sent on a mission to investigate strange signal emissions detected in an empty sector of space. Upon arriving, the Sakura II began its investigation and vanished without a trace.
- The [YSS Sakishima](#) is ambushed on a mission to retrieve a SAINT operative and presumed lost in battle. The surviving crew are nearly killed in a bombing attack on Leo Star Fortress, which was masterminded by their squadron commander turned traitor. The Sakishima eventually returns to port and is refit.
- [Wisteria Starbase](#) is attacked by former members of the [Independent Worlds League](#) or a splinter group of it.
- [Mochizuki Shiori](#) becomes the first elected Senator of [Jiyuu](#) since its secession and subsequent return to Yamatai. She forms the company [Peacekeeper Heavy Industries](#) in order to assist with reconstruction efforts.
- [Jiyuu System](#) becomes a new hub of the [PAINT](#) transportation system, offering the increasing amount of returning refugees flights to the core worlds of the [Yugumo Cluster](#).
- The post-[Second Mishhuvurthyar War](#) quiet in the south is shattered as [Orochi Squadron](#) is scrambled to defend [Jun](#) mining system from a surprise attack during Yuletide celebrations by a large [NMX](#) raiding fleet.
- [YSS Eucharis](#) encounters a [Rixxikor](#) colony ship near [Sbuhfaba](#) and boards it to obtain information about a [Kuvexian](#) military base.
- [YSS Sakishima](#) encounters and investigates an unregistered fuel station in deep space, which turns out to be a hostile ambush.
- [Zenjinkaze Fighting High School](#) established.

Democratic Imperium of Nepleslia

[Democratic Imperium of Nepleslia](#)

Events

ISC Phoenix

- A short break is taken to gather resources and work on small jobs.
- A pair of missions are undertaken simultaneously by the Phoenix team, given by the DATA Coalition:
 - The first of them has a **Loud** team undertaking a search-and-destroy mission of a Lagrange facility. During the mission, the facility breaks open and a prototype machine made for destroying Sourcians rampaged against the team, killing(?) [Rebeka Renata](#) and heavily wounding the Loud team and breaking assets.
 - The second mission has a **Quiet** team attempting to extract a pair of Yamataian senators from a hotel in [Albini](#). During the infiltration, strange [rock creatures](#) attack the hotel. The extraction turns into a rescue mission. The two senators, Yotsuyuki Kuu and [Senator A. Winsbury](#) are extracted safely and taken into custody for questioning over the Handler's Reach incident a couple of years back.
- The fallout of the two missions is disastrous. It has two effects:
 - The actions of [Aiesu Kalopsia](#)'s construct on the Phoenix are blamed for the death of Rebeka, and Echelon jailbreaks Aiesu to cut them off from the [Lazarus Consortium](#). Meanwhile, Luca formally severs working ties with the Consortium.
 - John funds and creates the [Phoenix Service Group](#), formally opening its doors late in the year after assembling everything required. Luca makes his maiden speech to the newly assembled soldiers.
