- [YSS Heartbreaker](#) makes first contact with the [I'ee](#) in the [UX-HB-2 'Shekhinah'](#) system. Several [I'ee](#) patrol craft are destroyed in defense of two [I'ee](#) ambassadors that had themselves made first contact with a lone alien.
- At the [International Relations Conference of YE 38](#), [Ketsurui Yui](#), argued that the [Senate of Yamatai](#) and [Nepelsian Senate](#) failed to properly ratify the [Defense Arrangement Treaty \(of the\) Alliance of Signatory States](#) and therefore Yamatai and [Nepleslia](#) were not members. Yamatai's senate held a session to ratify the treaty but it was voted down. Thus Yamatai left the treaty alliance.
- [YSS Eucharis](#) is taken to a [Graxlat](#) scrapyard where [Rixxikor](#) colony ships are being built. The crew kills a [Rixxikor](#) hit squad, pilots their shuttle to the scrapyard, and uses the ship to destroy it. A battle ensues in space with 2 [Kuvexian](#) Naval ships.
- [YSS Sakishima](#) discovers and takes control of a covert intelligence gathering station disguised as a deep space fueling depot within the [Yugumo](#) cluster.
- [YSS Sakura II Plot](#) returns home from the alternate dimension it had been dragged into. The crew quickly learn that they have been missing in action for over a year.

Two SAINT operatives, Sakamoto and Hirasawa Yuna intervene.

- While the Free State continued to flounder during this period, sub-organisations like the [Viridian Array](#), [Grand Bizarre](#), [Astral Locksmiths](#) and [Sharavana Hive](#) began to grow in competence, slowly becoming more relevant in the affairs of other nations once more.
